This response is an indication of what you hope and plan to give in 2018. It is not a "bill" that will come due. Your response will help the Council make budgetary plans for 2018. Your Second Mile Giving will reduce the mortgage and prepare Our Saviour's to consider the next phase of building on our site, based on the recommendations of the Building Team.

Your response can be adjusted/changed at any time during the course of the year by calling Kim Fread in the Our Saviour's office.
